Instructions:

- 1) Begin by cutting a sheet of Early Espresso 12" x 12" Textured Card Stock paper to 4 1/4" x 11". Score at 5 1/2". This card will open from the bottom to top.
- 2) Cut a piece of So Saffron paper to 4" x 5-1/4". Using the So Saffron ink, stamp the "floral flourish" design three times across the top and bottom of the sheet of paper.
- 3) Cut a piece of Whisper White paper to 4" x 3". Using the So Saffron ink, stamp multiple flowers across the paper until you achieve the desired background look for the card. Clean the flower stamp.
- 4) In the bottom corner of the white paper, use the Early Espresso ink to stamp the wording.
- 5) Stamp the flower again in Riding Hood Red ink on a small piece of Whisper White paper. Cut out the flower.
- 6) Using the 1/16" Circle Punch, make a small hole in the center of the flower for the antique brad. Insert brad and flatten on the back. Attach a Stampin' Dimensional to the back of the flower.
- 7) Cut a piece of So Saffron ribbon to 6". Around your index finger, tie a square knot about 2/3 of the way down the ribbon. You should end up with a short piece and a long piece coming off of the knot. Slide the knot off of your finger and cut on a diagonal in the center of the knot. Gently pull the end to create the cut-bow.
- 8) Attach the ribbon to the back of the white paper with two pieces of Sticky Strip attached to the back side.
- 9) Attach the Whisper White Paper to the So Saffron and then to the Early Espresso Card.
- 10) Peel the backing off of the Stampin' Dimensional on the flower and attach to the front of the card.
- 11) Clean stamps with Stampin' Mist and a scrub pad.

STEP BY STEPS GUIDE TO CREATIVITY

Kindness Is An Art

Create the background on the So Saffron paper by stamping the design multiple times.

Stamp the flower across the white paper to create the background design. Be sure to stamp off the edges.

Stamp the flower on white paper in Riding Hood Red ink and cut out.

Use the 1/16" Circle punch to make a small hole in the center of the flower to easy insert the brad.

To make the bow shown on the card, first tie a ribbon into a square knot around your finger.

Slide the knot off of your finger and cut the loop in the ribbon at a diagonal. Gently pull the ends.
